EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Saied Mirsafian on October 19, 2007.

2. The application has been amended as follows:

- Abstract, line 8: The first instance of the word "the" has been deleted.

3. The following is an examiner's statement of reasons for allowance:

- With respect to claim 14, the prior art made of record fails to suggest either singly or in combination a novel motor vehicle seat including a backrest that is biased in a forward position by a spring assembly, wherein the spring assembly engages a gear element which can be uncoupled from the backrest by a clutch mechanism to allow the backrest to be folded forwardly, wherein the gear element is mounted on a base plate that is movable so that the gear element moves out of engagement with the backrest.
- With respect to claims 20 and 31-32, the prior art made of record fails to suggest either singly or in combination a novel motor vehicle seat including a backrest that is biased in a forward position by a spring assembly, wherein

the spring assembly engages a gear element which can be uncoupled from the backrest wherein to uncouple the backrest from the gear element a pivotal axis of the backrest is moved along a predetermined path so that a reaction of the pivotal movement of the backrest on the gear element is prevented and wherein locking means are provided by a clutch that can be locked in a state in which the gear element is coupled or uncoupled to the backrest and wherein the locking means engage on the pivotal axis of the backrest and prevent its movement along the path.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
